**Critical Issues for Loan Eligibility**

- x **Time in Business:** Only 8 months (minimum required: 2 years)
- x **Annual Revenue:** \$78,900 YTD / ~\$118K annualized (minimum required: \$100K) - BORDERLINE
- x **Profitability:** Operating at significant loss (-\$137,700)
- x **Cash Flow:** Negative monthly cash flow, requires founder injections
- x **Cash Reserves:** Only ~\$6,000 in bank (runway: <2 weeks without funding)

**Loan Request**

Seeking \$100,000 for product development and sales team expansion.

**Mitigating Factors**

- Founder has strong tech background (ex-Google engineer)

- 2 enterprise pilots in progress
- Founder willing to provide personal guarantee
